LYDIAN INTERNATIONAL LIMITED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (unaudited)

For the three month period ended March 31, 2014

(expressed in US Dollars, unless otherwise stated)

1. GENERAL INFORMATION

Lydian International Limited (the "Corporation") is a company continued under the laws of Jersey effective on December 12, 2007 (formerly existing under the laws of Alberta, Canada). The registered office address of the Corporation is Suite 3, 5/6 Esplanade, St Helier, Jersey JE2 3QA Channel Islands. The Corporation's ordinary shares ("Ordinary Shares") began trading on the Toronto Stock Exchange ("TSX") on January 10, 2008 under the symbol "LYD".

The Corporation, together with its subsidiaries, (the "Group") is a mineral exploration and development company focusing on emerging and transitional environments, including precious and base metal assets located in Armenia and Georgia under exploration licenses granted by local authorities. The Group's main exploration project is the Amulsar Gold Project, located in Armenia. In conducting operations in Armenia and Georgia, the Corporation is subject to considerations and risks not typically associated with companies operating in Canada. These include risks such as political, economic and legal environments in emerging markets. The Corporation's results may be adversely affected by changes in political and social conditions and by changes in governmental policies with respect to mining laws and regulations, currency conversion and remittance abroad and rates and methods of taxation.

These unaudited interim condensed consolidated financial statements of the Corporation as of and for the three month period ended March 31, 2015 are comprised of the Corporation and its subsidiaries (together referred to as the "Group" and individually as "Group entities"). The Corporation is the ultimate parent.

2. BASIS OF PRESENTATION

These unaudited interim condensed consolidated financial statements of the Corporation have been prepared in accordance with International Accounting Standard ("IAS") 34, *Interim Financial Reporting*. The accounting policies applied in these financial statements are consistent with those used in the Corporation's audited consolidated financial statements for the year ended December 31, 2014. There have been no changes from the accounting policies applied in the December 31, 2014 financial statements.

The preparation of interim financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. In management's opinion, all adjustments considered necessary for fair presentation have been included in these financial statements. Interim results are not necessarily indicative of the results expected for the financial year. Actual annual results may differ from interim estimates. The significant judgments made by management applied in the preparation of these financial statements are consistent with those applied and disclosed in the Corporation's audited consolidated financial statements for the year ended December 31, 2014. For a description of the Corporation's critical accounting estimates and assumptions, please refer to the Corporation's audited consolidated financial statements for the year ended December 31, 2014.

3. ACCOUNTING CHANGES

Statements of cash flows presentation

For reporting periods commencing from the year ended December 31, 2014, the Corporation elected to change the presentation in the Statements of Cash Flows to reflect the more widely used "indirect method" of reporting cash flows. Accordingly, the Statement of Cash Flows for the three month period ended March 31,

LYDIAN INTERNATIONAL LIMITED

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (unaudited)

For the three month period ended March 31, 2014

(expressed in US Dollars, unless otherwise stated)

2014 was restated to provide comparability with the Statement of Cash Flow for the year ended December 31, 2014. In addition to restating the Q1 2014 cash flows for comparability, an error in allocation between operating cash flow and the foreign exchange effect on cash was corrected. Cash used in operations was decreased by \$638,390 and loss from foreign exchange effect on cash increased by \$638,390. These changes had no impact on financial position, net loss, comprehensive loss or financing and investing cash flows previously presented.

Change in functional currency

Effective January 1, 2015, the Corporation determined that a change to its functional currency was appropriate from the Canadian Dollar to the U.S. Dollar as it became evident that the underlying transactions and events are predominantly denominated in U.S. Dollars. This shift occurred as a greater percentage of expenditures for technical and administrative services are denominated in U.S. Dollars. No other entities in the Group were affected by this change in functional currency. This change in judgement has been accounted for prospectively in accordance with IAS 21, *The Effects of Changes in Foreign Exchange Rates*.

4. CASH AND CASH EQUIVALENTS
